

QUALITY POLICY STATEMENT

It is the policy of BIOPHARMA DYNAMICS LTD to maintain a management system that complies at all times with the requirements of ISO 9001. All employees of the Company are made fully aware of this policy statement, which can be summarised as.

- ❖ To meet customers' requirements for contracts, delivery and service to ensure that BioPharma Dynamics Ltd is considered a Premier Supplier.
- ❖ To develop employee awareness in the organisation to assist in the continual improvement of the performance of the company.
- ❖ To develop dialogue with customers to identify their needs and expectations that will lead to continuous improvement of products and services supplied.
- ❖ To operate a comprehensive quality programme which satisfies the requirements of ISO 9001 and leads to the continual improvement in its effectiveness.
- ❖ To establish quality objectives and provide for their implementation and review within the framework of this quality policy.
- ❖ To conduct our business in a professional, transparent, ethical manner to quality assured standards. Considering our interested parties and their requirements throughout.

ENVIRONMENTAL POLICY STATEMENT

The Directors are committed to providing customers with products processed in environmental efficient premises. The Managing Director has reviewed all company operations and processes against the requirements of ISO 14001 and follows the general principles of environmental management systems by implementing the following.

- ❖ The Organisation is committed to continually enhance the environmental management system to achieve improvements in the overall environmental performance of the company.
- ❖ The Organisation is committed to use best practice and processes and the efficient use of resources that will reduce or prevent pollution of any kind.
- ❖ The Organisation will comply with applicable legal requirements and any other relevant requirements related to the environment.
- ❖ When required, provide new plant, equipment and vehicles with an improved environmental performance over that which it replaces.
- ❖ Where possible introduce waste management systems that minimize waste by re-use, re-cycling and safe disposal.
- ❖ Review environmental management systems within the Company during the annual management review meeting.
- ❖ Review Company environmental objectives and targets during the annual management review meeting.

- ❖ **Make this policy statement available to all employees and the public via publication in this document and on the company website.**
